

# Moor End Community Primary School Homework

Getting the balance right between too much and too little homework is always tricky for a school. Every family and child's circumstances are different - some like lots of homework while others find it can be a battle or are so busy after school that it is difficult to manage. However, regular shared opportunities to learn outside of school also give your child added confidence when tackling tasks in school. Below is a summary of what we think would help your child thrive in school and we would appreciate you doing at home. Sometimes we may ask for something more but you should find on seesaw every week a reminder of these activities. If you want anything more you can't beat encouraging your child to read widely: books, comics, magazines—anything really. While we provide books from a reading scheme and we want your child to read these to you at home, if they have finished them choose something else. Every child can choose a book from our library to take home, you can call in on a Monday after school to choose an extra book and thankfully the local library is now open once again. Learning number facts, counting, times tables, letting your child read and talking to them is the best help you can give them at home. Endless maths and English sheets suit some children but have little benefit for many. **Thanks for your support in helping us help your child.**

## Reception Class

Learning the sounds of letters

Applying their early maths work through games or a simple activity

or

Finding out about the world around them linked to topic work

Reading at every opportunity

Sharing the 'Word of the week'

## Year 1 and Year 2

Weekly spellings to learn which will be tested on

A maths activity which may be a game or a tablet/ipad activity

Some times tables

Reading at every opportunity

Fun activities around our 'Word of the Week'

Juniors: Year 3, 4, 5 and 6

Weekly spellings to learn which will be tested on

Reading at every opportunity

Times tables including TT Rockstars app

'Word of the week' activities

(In the spring term Yr6 will be provided with extra work in preparation for their SATs)
