

Moor End Community Primary School

Newsletter

'Working hard and having fun to be the heart and future of our community...'

18th October 2019

The end of our first half term of this year has arrived very quickly! Our new children have settled in very quickly to the routines of school and the rest of the children have been a joy to have in school. No red cards issued and barely a yellow card to be seen!

It's been a very busy last week of the half term. Thank you to everyone who attended our parent's evening on Wednesday, it was great to see so many of you and to talk about your children's progress and achievements. I have decided that as we had parent's evening the half term report cards are not needed this half term. We will send them out at the end of December instead.

It was also great to see so many families attend FAMEs chocolate bingo night on Thursday too. Thank you to the volunteers who spent many hours organising the event and then spending their evening providing the event. If you would like to offer your help to FAME then please see Mrs. Bradshaw or Mrs. Ellis at school—we'd love to see more of you part of this great fundraising part of our school.

We have also sent out a link via seesaw for a quick parent questionnaire this week. We are always trying to improve what is happening at school and would like your opinion about what you think we do well—and how we can improve on those aspects that don't always go right. Moor End is your school and part of your community. I always try and run it for the benefit of all the children and the community we serve. Your honest feedback helps me do this. I have attached a QR code to this newsletter which will take you to the online survey if you have missed the link.

Finally, have a safe and restful week and we will see you all on Monday 28th October at 8.45am.

New Outdoor Classroom Coming Soon!

Thanks to a successful lottery bid by school we have a new outdoor classroom arriving in a few weeks time. Situated at the top of the junior yard this large cabin will provide an area for our children to explore different learning opportunities during the day, and a place for those children during break times who don't want to run around or take part in the activities provided by the sports coaches. We also hope to use it as a room where we can invite members of our community to work alongside school to share a variety of activities. Keep your eyes peeled for this development over the coming weeks!

Parent Questionnaire : Scan the code below to take you to the online survey
